

### SBMT4000 SBM Undergraduate Honors Research Project

Code	Supervisor Name	Email
MGMT01	Siyin Chen	siyinch@ust.hk
<b>Project Summary</b>		
<p><b>Topic:</b> A qualitative study of the mental health professions in China</p> <p><b>Description:</b> This research focuses on the evolving nature of mental health professions, including psychiatrists, clinical psychologists, and middle school counselors. I explore how these roles adapt to changing societal and institutional demands.</p>		
<b>Remarks</b>		
Student must be keen to conduct qualitative research (e.g., observations, interviews) and willing to travel to Mainland China for fieldwork.
